Re: Appreciation and gratitude for the assistance at Ntoma Orphanage

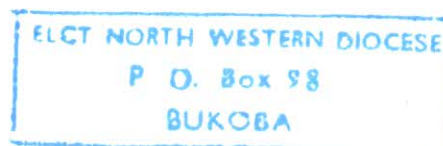

On behalf of ELCT -North Western Diocese, I would like to express our vote of thanks to Total Health Africa for your support:-

- In December 2020 the Ntoma orphanage received a total of 1,050,000 Tanzania shillings. The amount was used to purchase and install the washing machine.
- This month, August 2021 the orphanage as well has received a total of 1,341,194 Tanzanian shillings. The amount has been used to purchase and install gutters and simtank for harvesting water at Ntoma orphanage.

Your support has made a difference at Ntoma orphanage and the environment has continued to be conducive and comfortable for babies. We appreciate your generous contribution, effort and commitment.

Thank you once again.
