KAMACHUMU-BUKOBA,
KAGERA, TANZANIA.

December 03rd, 2021

The Managing Director,
Total Health Africa (THA),
United States of America.

Greetings in the name of Jesus Christ

RE: APPRECIATIONS FOR YOUR ESTEEMED SUPPORT TO OUR INSTITUTION.

Please refer to heading of this letter.

I hope that everyone in THA is fine amid the fourth wave of COVID 19. We remember everyone who has been in any way affected negatively by the pandemic especiall those who lost their lives and those who lost their beloved ones. In the Lord we seek refuge.

On behalf of Ndolage IHS, I would like to say that, Total Health Afric has been one of our outstanding, supportive and caring partner. Our partnership which started gradually has been growing so fruitfully that now THA and Ndolage can now be regarded as one. With this letter the management of Ndolage HIS, has recognized and decided to write this letter as the note to value your esteemed support to our business. Please receive our heartfelt sincere appreciations and thanks from our office. Only Lord God will pay for this work done.

So far, Ndolage IHS is growing so fast. In recent years (less that 5 years) three new courses have been established which are Clinicial Medicine, Social Work and now Pharmacy from this academic year (2021/22). In all courses we offer both certificates and diploma awards. This could not happen easily without your support to our activities..

We wish to recognize your support to the Institute in the following areas, to mention a few:

- a. Building a new incinerator for girls which costed about Tsh 1,700,000/=
- b. Installation of the solar plant amounting to Tsh 35,000,000/=

- c. Supporting two nursing students identified from poor families each academic year. And more important your willingness to support the third student in the same course from this academic year. The families and students appreciate this support so much.
- d. Donation of COVID-19 support to the institution and students amounting to Tsh 3,315,000/=
- e. Donation of sports and games gears for netball, football and volleyball amounting to Tsh 3,214,000/=
- f. Donation of teaching models and skills lab equipment to our teaching skills laboratory.
- g. Donation of some teaching materials.
- h. Your professional advices is also highly appreciated

In this regard, we ask you to extend our thanks to THA as whole for their decision and tireless willingness to support our endeavours in different ways. We appreciate both Dr Jerusa Kamala and Cecilia Erickson for their tireless efforts in keeping the communication between THA and Ndolage active. Thus, we ask THA to continue support our Institution so that our growth can be maintained and sustained.

May the Lord God bless THA and Ndolage HIS partnership.

Yours in humility

E. Bulaya
